

Help us to support those finding their families  
**DONATE TODAY** to the Society of Australian Genealogists

Dear Ian

If you were not able to join us live for our Friday Hang Out with the SAG on the topic *Following your family in the UK census*, the [recording is available from this link](#) and also in our [Webinar Library](#), along with other available community meetings. It was a great session thanks to Jennie for the topic, and to members including Carole, Yvonne, Tracey, Wayne, Marty, Robbie, and Annesley for sharing stories and contributions. Our particular appreciation to Yvonne Masters for the sharing her research file to be utilised as a template to support one-place study and census analysis.

If you can be with us online for our next community events, which are included in your membership, please register at the following event pages:

Our **Friday Hang Outs**: <https://www.sag.org.au/event-6037953>

**Family History Connect** on **Tuesday 18 March** from **2.30pm AEDT** with

Patrice Connelly presenting on **The Irish Archaeological Societies.**

<https://www.sag.org.au/event-5991161>

**Virtual Library** on Thursday 27 March from 2.30pm AEDT with our SAG Librarian supporting members navigate the SAG collection catalogue.

<https://www.sag.org.au/event-6087256>

**Let's Talk About...Specialty Libraries** on Monday 31 March from 7.30pm AEDT where we are putting together a panel including guests from the National Library of Australia, the PMI Victorian History Library Inc., and the Wiener Holocaust Library.

<https://www.sag.org.au/event-6071968>

**Let's Talk About...Understanding Military Histories** on Monday 28 April from 7.30pm AEST. This month's panel will feature early career researchers who have taken an ancestor's service as the basis of their academic research.

<https://www.sag.org.au/event-6117149>

**SAG Book Club/Meet the Author - *The Inheritance* by Kate Horan** meeting is on Tuesday 20 May from 7.30pm AEDT when we will have a chance to talk to Kate about her book and the issues of DNA inheritance.
